## 👤 PROFILE

A dedicated and detail-oriented professional with strong expertise in programming and cybersecurity. Experienced in developing secure web applications and proficient in identifying, analyzing, and mitigating security vulnerabilities. Passionate about staying ahead of evolving threats and applying best practices to safeguard digital assets.

## 📁 INTERNSHIP EXPERIENCE

### Cybersecurity Analyst Intern

CyberSapiens, Mangalore, India | March 2024 - September 2024

- **Conducted Vulnerability Assessment and Penetration Testing (VAPT) on client targets as part of a red team, identifying and exploiting vulnerabilities to enhance security defenses.**
- **Continuously updated knowledge on emerging threats, cybersecurity tools, and methodologies, staying ahead of the curve in a rapidly evolving field.**
- **Participated in Open Bug Bounty programs across various platforms, contributing to the security of real-world applications by identifying and reporting vulnerabilities.**
- **Gained hands-on experience through practical labs on PortSwigger, picoCTF, and TryHackMe, sharpening technical skills in a simulated environment.**
- **Collaborated with fellow interns to share knowledge, insights, and best practices, fostering a collaborative learning environment.**

## 🎓 EDUCATION

Manglore, India      **St. Aloysius University**  
Bachelors of Computer Application

## 📄 CERTIFICATES
